And What Have You

By BOB CRAIG

We have no idea who introduced rating systems to football but suspect that the sport would be better off without them, this is especially true in high school football.

We suspect that it is spin-off from gambling and this in itself would be reason enough to oppose them. But, mainly what we do not like about them is the pressure they put on both the boys and the coaches.

Not only is the pressure there to win, but it is also there to make a good showing.

Hamlin defeated Rotan in its opener, 23-6, which is a pretty good score but not enough to keep the Pipers in the top ten of the Harris system. Now after defeating Clyde 41-6, the Pipers will probably make it into all the top ten listings. Do they really have that much better team now than they did a week ago? We doubt it.

Over the years when things were thin around here we have seen too many state ranked teams make every effort to run up high scores just to keep their rankings.

Just hope that we get the opportunity to remind some of them about that before this season is over.

I felt sorry for both the Clyde coach and his players the other night — especially his players. Some sports writer sure put them way out on a limb when he named them the top team in the area. It is bad enough to just be beaten when you are number one but to find out that you can not even stay on the same field with a team that is ranked below you is hard on a bunch of youngsters.

As the season goes on the polls and rankings become more reliable because they are based on results of the games already played. But these early season polls should probably just be thrown in the trash for the betterment of everyone concerned.

Harald Hudson, writing in The Perryton Herald, points out something that has always bothered us. How can the daily newspapers always be full of help wanted ads but our unemployment level stay so high? His thoughts on this follow:

"Although it varies from month to month and certainly from one locality to another, the Bureau of Labor Statistics generally shows with regularity more than 5 per cent unemployment.

"This is hard to justify in the minds of employers who are seeking people to hire. It is hard to justify when the classified ads of the nation's newspapers are filled with invitations for employment of various kinds.

"The National Federation of Independent Business runs a continuous survey on employment and unemployment as related to small businesses and a good many doubt the validity of the government statistics.

"It is quite clear that there are a number of people unemployed because they want to be.

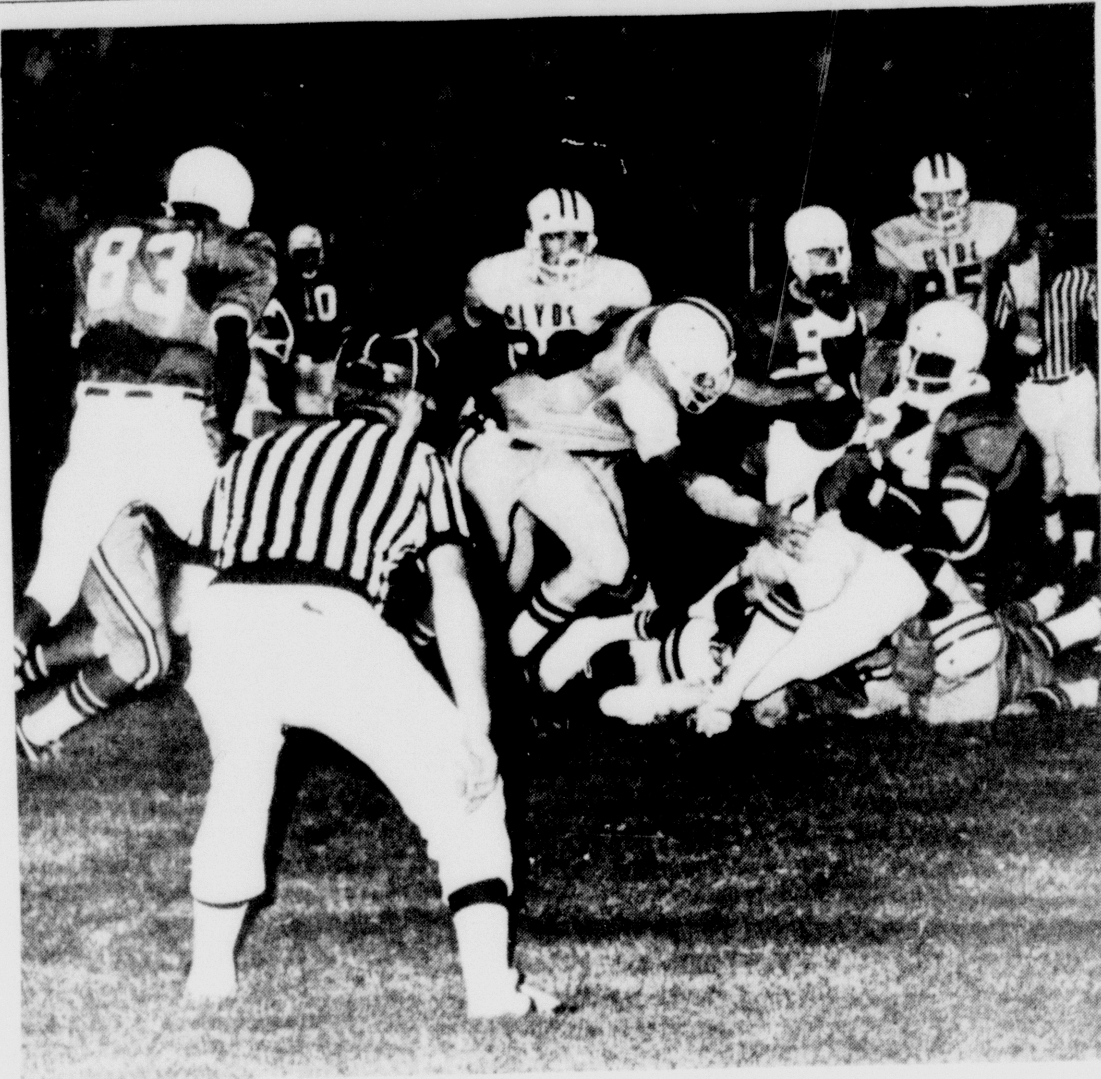

"There are a great many people who actually have no job skills to sell and who are content to get by on their welfare check or other government assistance.

"There are wives who have worked at one time or another and thus are enumerated in the labor force, but who are not looking for a job at the moment. They are technically, but not actually, unemployed.

"There are job seekers who skim over the invitations for certain kinds of work, usually menial labor, and while they are hunting something more suited to the tastes and talents, they are listed as unemployed.

"There are a number of job openings that go unfilled simply because the employer doesn't have the income from his business to pay

Open Date Gives Pipers Week Rest

The Hamlin Pipers will be taking a well earned rest this week following their 41-6 victory over the Clyde Bulldogs here Friday evening. The Pipers will return to action the following Friday when they host the Colorado City Wolves.

Local football fans will be able to see the Freshman team

P-TA Opens Membership Drive Today

A door to door canvass for membership in the Hamlin Parent-Teachers Association will be held today (Thursday) from 3:30 to 6:30 p.m. Children in the kindergarten through fifth grades will be making the drive from door to door to encourage all residents to join the P-TA.

Slogan for the membership drive is "Tomorrow's leader is the child of today — Join the P-TA." Mrs. Ken Prewitt is membership chairman.

The drive which begins today will continue through Sept. 27 for those who are not contacted today. Membership is \$1 per year.

play Rotan here tonight (Thursday) or they can travel to Colorado City to see the Junior Varsity play at 8 p.m. there tonight. Tuesday evening the seventh and eighth grade teams will host Sweetwater here with the first game at 5:30 and the second contest at 7:30.

Last Thursday the local JV's rolled up a 47-6 victory over the Colorado City JV's while the Freshmen were defeating Rotan, 26-14.

Football fans will have to take to the road Friday night if they want to see a high school football game. In the area, both Rotan and Haskell will be joining the Pipers in taking the night off. Stamford will be playing at Clyde and Anson will be playing at Albany. For fans who want to look ahead, Colorado City will be hosting the Ballinger Bearcats at home Friday.

Coach David Bonds said that his team came out of the Clyde game with only minor aches and bruises with the exception of Ricci Harugthy, who suffered a broken arm. Coach Bonds said that his varsity players took Monday afternoon off and then were to spend most of this week on conditioning and working on the finer points of their game.

Broom Sale Set Monday And Tuesday

The Hamlin Lions Club will hold its annual Broom and Mop Sale here Monday and Tuesday, according to Frank Shearer, president. The Lighthouse for the Blind truck will be parked downtown all day Monday and Tuesday with club members on hand to serve the public.

Members of the local Lions Club will be going house to house both Monday and Tuesday evenings in an effort to give everyone an opportunity to help in this worthwhile cause. Ellis West, chairman, said.

As in the past the Lions will be selling brooms, mops and various household and kitchen items. All of the merchandise sold during the two-day sale is made by the blind.

Demo Head To Speak

Robert Strauss, a former Stamford resident, now chairman of the Democratic National Committee, will be the speaker for the Stamford Chamber of Commerce annual banquet Sept. 24.

The banquet will be held at Stage Coach Inn at 7 p.m. Tickets are \$3.50 each.

Direction of One-Way Street to Change Monday

The Hamlin City Council voted Monday evening to change the flow of traffic on Northwest Fourth Street in front of the Primary School building, making it One-Way going East instead of West.

The change is part of the one-way street experiment around the primary and elementary school buildings. It was the thought of the council that this change will work out better with the other one-way streets in the school area.

The change in traffic direction will go into effect Monday morning, according to Chief Ed Wheat.

The council also heard a request for a rate increase from Robert Hinshaw, general manager of Cable Electronics, but took no action pending further study.

The firm provides cable television service to Hamlin and was seeking a 55 cent per month increase and 10 cents per month increase in the additional outlet rate.

In other action the council voted to amend the city's plumbing code to permit the use of plastic pipe that meets requirements set by Lone Star Gas Company.

Meeting On Child Day

Care Center Held Here

Members of various women's clubs and civic organizations met Monday afternoon in the office of the Board of Community Development to discuss plans for a proposed Child Day Care Center in Hamlin.

Several meetings of interested persons and civic leaders have been held to work out plans for the proposed center.

The BCD directors have voted to be the sponsoring agent for the proposed center but did not assume any financial obligation.

The proposed center would be for infants to public school age. Each child would be required to have all the necessary shots for his age.

Hours would be from 7:30 a.m. to 6:30 p.m. and care would include two snacks and a hot meal at noon.

At the present time a proposed plan would provide care for 20 children. The program would include a director, a cook and one other paid employee. Volunteer help would also be used.

Anyone who needs this type of service and would take advantage of it should contact the BCD office right away, says Mrs. L. C. Bonds, who is working with the details of the program.

Woman's Forum Sets Meeting

The Woman's Forum will meet at 7 p.m. Monday at Harden Memorial Library.

Mrs. Melvin Scott, president, will preside.

All club presidents and representatives are urged to attend.

The Forum is made up of women's study clubs and civic organizations.

The Young Women's Auxiliary of Oak Grove Baptist Church will sponsor a dinner Saturday in Fellowship Hall. Serving will begin at 6:30 p.m.

The menu will include barbecue, red beans, tossed salad, hot rolls, tea and assorted pies. Plates are \$1.75.

Mrs. Bernice Beaver, licensing agent for child care centers for the State Department of Public Welfare, is working with Hamlin citizens on the project.

Mrs. Bonds said that there are no state funds available and if a welfare type program should be proposed it would likely be three years before federal funding might be available. There will be a charge for each child who attends the center.

Funds will have to be raised locally to get the program started.

Full details of the program will be presented Monday evening at 7 at the quarterly meeting of the Woman's Forum, an organization of all women's clubs in Hamlin.

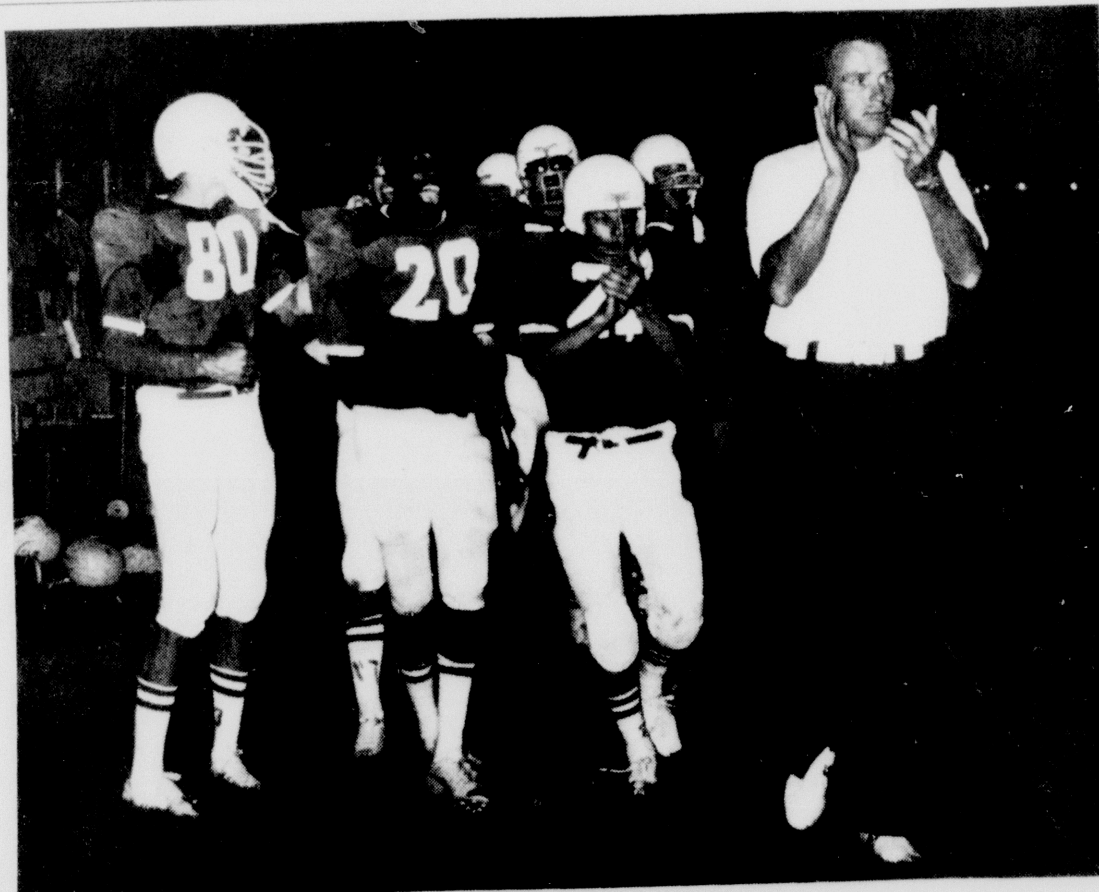

T. LARRY MARSHALL conducting meeting

Revival Now In Progress

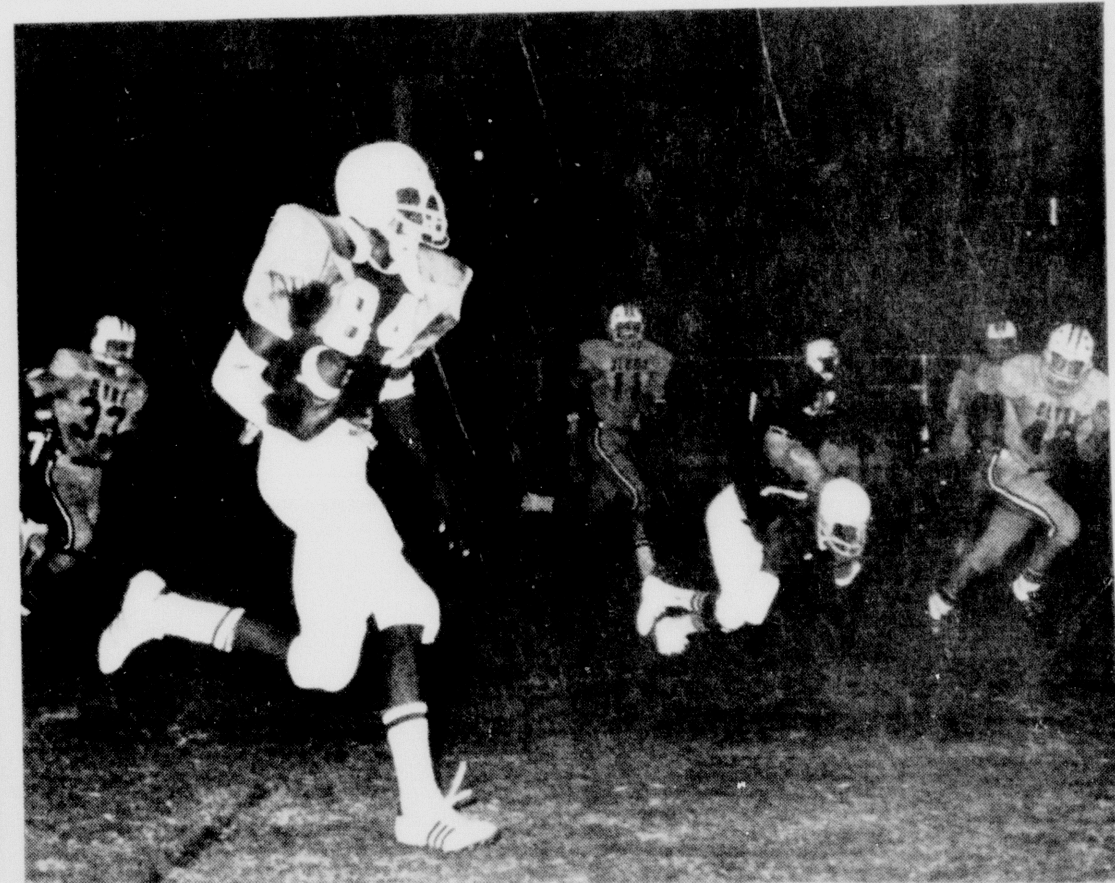

T. Larry Marshall of Vernon is the evangelist for the series of gospel services now in progress at the Hamlin Church of Christ.

The gospel meeting will be concluded Friday evening. Services are being held at 10 a.m. and 7:30 p.m.

Everyone is invited to attend the concluding services. W. H. (Gene) Johnston is the minister.

CHEERING HIM ON — Defensive Safety David Willis draws a lot of support from the bench Friday as he picks off a Clyde pass and goes 70 yards for the final score of the night. The big senior scored two of the Pipers' six touchdowns

against the Bulldogs, these coming on a 62-yard end-around play in the second quarter. The Pipers defeated the highly rated Bulldogs 41-6 and have this week open. (Photo by Tim Jones)

Area Young Homemakers Set Meeting In Abilene

The Hamlin chapter of Young Homemakers of Texas is joining other chapters in Texas in observing Young Homemakers Week, Sept. 16 through Sept. 22.

Special activities during the week include assisting with the story hour at Harden Memorial Library today (Thursday) from 3:30 to 4 p.m. for children ages three to school age.

Mrs. John Poe, president, and Mrs. Pat Willoughby, advisor, will be attending the 11th annual Area IV Young Homemakers meeting in Abilene at the Hilton Inn Saturday. Theme for the meeting will be "Make Your World Beautiful."

Mrs. Bob Connel of Haskell, area IV president states the Eleventh Annual Meeting, to be held September 22 at the Hilton Inn in Abilene, Texas, will highlight the special week of activities with special awards and recognition programs. Recognition awards are given on both area and state levels to the Outstanding Chapter, Outstanding New Chapter, and to the Little Sister, a Future Homemakers of America member, recommended by local Young Homemaker Chapters as outstanding in their work in home, school and community. The area winners will compete on State level with the winners to be honored at the Annual State Convention of Young Homemakers. An Area Award will go to the Outstanding Young Homemaker. The nominee for this award is presented as an outstanding example of a homemaker in her community.

The Eleventh Annual Meeting of Area IV will begin with a business meeting at 10 a.m., which includes the election of area officers for 1973-1974. Registration will begin at 9:00 a.m. with coffee provided by Lone Star Gas. The general session will begin at 1:30 p.m. featuring Mrs. Becky Tilotta of Fort Worth as guest speaker. Mrs. Tilotta has a degree in religious education and Bible from Abilene Christian College and has served as Dean of Women at Oklahoma Christian College. Mrs. Tilotta has

traveled to 60 foreign countries, and has written several books of interest to women. She will speak on "My Beautiful Home." The theme for the entire meeting will be "Make Your World Beautiful." A tour of Old Abilene Town is planned for the afternoon immediately following the business meeting.

At 6:30 p.m. the Young Homemakers will join the Young Farmers of Area IV for a joint awards program. At this time, recognition will be given for Outstanding Achievements of the members of the two organizations. The main speaker for the evening will be Ms. Kathryn Duff, editor for the Abilene Reporter-News. Entertainment will be provided by Miss Stacy Angle of Knox City. The dinner and awards program are sponsored by the Texas Electric Cooperatives with special awards being given by the Electric Utility Companies.

Young Homemakers of Texas is organized exclusively for educational purposes with particular reference to the area of homemaking. The association functions under the direction of the Division of Homemaking Education, State Department of Education in cooperation with the local school and the homemaking teacher who serves as advisor. Mrs. Sammie Tate Pittman, Consultant, Homemaking Education, is the advisor for the Area IV Association of Young Homemakers of Texas.

To Attend Meeting

Mrs. Pat Willoughby and Mrs. Joe Wayne Carter, Hamlin High School homemaking teachers, will be in Abilene Thursday (today) attending the Lone Star Gas Company's Consumer Information program entitled "Worth Noting."

The program will be held at the Abilene Women's Club. There will be a reception, dinner, and program.

Engraved invitations at the HERALD.

1974 Chevrolet A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

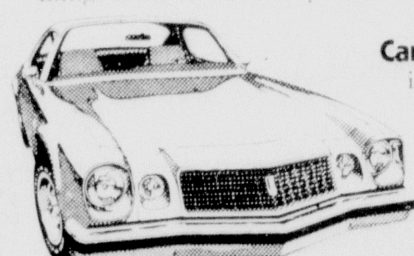

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

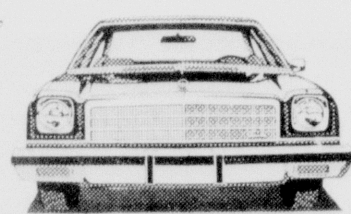

Camaro. The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

Malibu Classic. A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting.

That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle.

With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

NEWS FROM...

Sylvester

By MRS. R. M. BABB

My the weather does change in a hurry some times, it is cool and cloudy and really looks like winter is almost here.

Visitors in the Ross Douglass home in the past few days were: Charley and Perry Jones, son Jimmy and Judy Jones, all of Ft. Stockton. Jimmy stayed several months with the Douglass family when he was in school at Trent. Also visiting were Don, Dorothy, Dusty, Darrell and De Jon Douglass of Big Spring. Don was ready to go to Colorado elk hunting with his "Bow and Arrow" as he is an avid Archery fan.

Mrs. Bill Lees and Mrs. Nolan Lees visited in the R. M. Babb home on Thursday afternoon, these ladies are from Haskell.

Mr. and Mrs. Woodrow Lawlis drove to Big Spring one day last week and spent the night in the home of Mr. and Mrs. Mike Dobbs.

The Mutt Earlys called me about their grandsons good luck at the West Texas Fair.

Each of Bill's boys, Larry and

Keith, had entered pigs and each won first place. Then Larry won ninth and Keith won sixth. Keith also won "Grand Champion." Needless to say their grandparents were very proud of them. The boys at present live in Snyder.

Mr. and Mrs. Mutt Early are also enjoying a new Mercury, mighty pretty!

Mr. and Mrs. Charles Meeks were surprised last Friday night by the community giving them a house "Warming." Many nice gifts were received.

Our sympathy to the family of Gladys Williams who passed away last Saturday night at a little past nine. Gladys was in a wheel chair for some 14 years but that didn't stop her from being a friend to each and every one at all times. She will be greatly missed.

Mr. and Mrs. Fay Dozier and Mr. and Mrs. Buford Brown had lunch Sunday in Sweetwater. Patricia Gaasch of Odessa visited with her Mother, Mrs. Glenna Turner, over the weekend.

Mr. and Mrs. Arthur Maberry of Uvalde visited their parents over the weekend, the Albert Maberry and Melvin Thompson families.

Melissa Hardwick of Abilene visited her parents, the Chub Hardwicks and attended The Baptist Church Sunday.

SHORT SNORTS

Agriculture Commissioner John C. White estimated major crop losses from tropical storm Delia at about \$100 million.

McBeth Eggs Expanding Production

Lester McBeth, owner of McBeth Egg Farms, announced this week his firm is expanding its operations in Jones County and the county will soon have more egg production than any county within a 125 mile area.

McBeth said that he has purchased land four and a half miles south of Anson and will soon have a 24,000 layer operation in production. He said he plans to add another 20,000 so that the waste can be used for fertilizer for coastal bermuda.

McBeth said that he likes the sand and has purchased 74 acres to use for this operation. He has in production now a modern automated 16,000 hen plant and processing facility at his Phantom Hill location.

Eggs will be processed from these operations and distributed to retail stores all over the Big Country, he said.

Rev. Holland To Take Part In Conference

The Rev. John Holland, a former Hamlin resident, now pastor of Kingsway Foursquare Church in Vancouver, Canada, will be participating in the Oct. 5-19 special leadership conference to be held in the Philippine Islands.

Rev. Holland was asked by the Foreign Missions Department to serve as a member of the team of four ministers who will be conducting special training seminars for the pastors, missionaries, lay-leaders and Christian workers throughout the Islands. The Department felt that his pastoral experience and knowledge of the ministry would be an asset in training workers and pastors in that area.

Rev. Holland and his wife Doris are presently attending a United Pentecostal World Conference in Seoul, Korea. She will return home from Korea.

The Hollands have two boys, Brad, 19, and Bart, 12, and two girls, Jan, 17, and Jodi, 4. He has a sister, Mrs. S. C. Hollis, who lives here.

LETTER TO EDITOR

Commissioner Says Thanks

Dear Editor,

I would like to take this opportunity to express my gratitude to John Howard and John Scarborough, who took time from their busy schedules to act as committeemen on the commissioner's court committee during the county's redistricting program.

Although still in the final stages, their help in this endeavor was invaluable. My appreciation also to the many other concerned citizens who extended their support.

The commissioners, along with L. L. Jacobs, real estate appraiser of Amarillo, worked several days last week establishing new precinct lines and determining voter strength in each precinct to comply with the Supreme Court one man — one vote ruling.

By striving for fairness and equality for everyone, the commissioners agree that the present plan is most acceptable.

Sincerely,
Bill Moore, Commissioner
Precinct 1

Governor Briscoe declined to comment on speculation he has considered a possible successor to State Comptroller Robert S. Calvert should the 81-year-old official retire before 1974 elections.

A credit life insurance rate hearing has been rescheduled from September 13 to October 9.

AGENT SAYS—

1974 Wheat Program Encourages Production

The 1974 wheat program is designed to encourage all-out production and thus there will be no set-aside requirement, reports County Extension Agent Kirby Clayton. There will also be no conserving base requirement for the four-year life of the Agricultural and Consumer Protection Act of 1973.

New in the wheat program is the target price feature. If the average price for wheat is at or above the \$2.05 per bushel target price, the producer will receive no payment. If the price average is below the target, the producer will receive the difference between the target price and the five-month average price received by all farmers.

There will be no preliminary payment, notes Clayton. Any payment due will be paid after December 1, 1974. If the average price received by all producers is under \$2.05 per bushel for the July–November, 1974, period, a producer

would be paid on an amount of bushels determined by multiplying the farm allotment by the projected yield established for the farm. The projected yield established for the farm. The projected yield represents the potential production for the farm as determined by the Agricultural Stabilization and Conservation Service (ASCS) county committee.

The total amount of payments a person may receive under one or more of the 1974 wheat, feed grain and upland cotton programs may not exceed \$20,000. Loans will be available to producers on their 1974 wheat crop at a national average of \$1.37 per bushel, an increase of 12 cents over 1973 loans, points out Clayton.

The national allotment is set at 55 million acres. Thus, on the average, each producer's allotment in 1974 will be about three times that of this 1973 allotment. This allotment is not a constraint on the amount of wheat that can be planted, and its sole purpose is for making payments to producers in the event the five-month average price received by farmers is less than the target price.

Producers may substitute any non-conserving crop or any conserving crop used for hay or for grazing in order to preserve their wheat allotments and to make them eligible for any payments under the target price feature. Crops for which a marketing quota is in effect are excluded, adds the agent.

Appointed

Representative Elmer Martin of Colorado City attended a special called meeting of the House Agriculture and Livestock committee in Austin recently for the purpose of discussing the apparent shortage of tractors and farm equipment around the state.

The legislators also discussed the apparent shortages of hay baling wire and the antiquated laws pertaining to the Animal Health Commission.

Highlights AND Sidelights

AUSTIN — New legislative sub-committee investigations of the amusement and vending machine industry have been ordered amid sensational (and disputed) allegations resulting from a 1968 probe.

Speaker Price Daniel Jr. named Rep. Arthur (Buddy) Temple of Diboll to head a House Consumer Affairs sub-panel inquiry into juke box operations and needed legislation in the field.

The sub-committee was instructed to work jointly with a Senate group headed by Sen. Ron Clower of Garland. Clower said his sub-committee will look into allegations the industry is linked to organized crime and that the regulatory state Amusement Machine Commission is dominated by big operators who do not protect customers.

Daniel said the air should be cleared of speculation, controversy and innuendo which have surrounded operation of the industry for years.

Meanwhile, Daniel unveiled some of the previously-secret records of a 1968 House investigation. Most controversial was a tape recording of testimony by Pete Martinez of Austin that he gave money to a state representative, a state senator (who is now dead) and a judge, on behalf of Raymond B. Williams of Dallas, a major amusement machine owner who previously served on the regulatory commission.

Williams has denied Martinez's testimony. Department of Public Safety Director Wilson E. Speir said Martinez, now serving a probation sentence for burglary, failed to satisfy a lie detector test that he was telling the truth and that he refused to repeat his charges to a district attorney or grand jury.

AID FOR RUNAWAYS—An experimental hot line for runaway youths to send work to their families is being installed through leadership of Gov. Dolph Briscoe and with cooperation of the telephone company and its employees.

Briscoe announces the facility, which he termed

"Operation Peace-of-Mind," will be manned by volunteers for 30 days. The initial Houston office will have two statewide inbound Wide Area Telephone Service (WATS) lines, one national WATS line and three local lines in the city.

The Governor said the net-

work will transmit messages from the runaways to their parents and friends and is not intended to "inform" on them. Volunteers will also tell the youthful wanderers where they can receive assistance anywhere in the state.

Number of the state WATS line is 1-800-392-3352. The national WATS number is 1-800-231-6946.

Texas Water Quality Board approved pollution control and quality maintenance plans for San Antonio, Colorado, Guadalupe and Sabine River basins.

CHEAPER EGGS?

With the current price of Milo it is not likely that eggs will get any cheaper. They may go up as the price of feed is forcing many to close down their operations.

But if large eggs go to \$1.20 per dozen, that is only 80 cents per pound for a nutritious high protein food — or only 20 cents for two delicious eggs.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Article III, Sections 5, 24 and 49a and Article VIII, Section 6 of the Texas Constitution are amended to:

Provide for regular annual sessions of the Legislature. The regular session in each odd-numbered year would be for a period not to exceed 180 days. The regular session in each even numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days; Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem not exceeding \$18 per day for each day of each regular session or special session; Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

The wording of the proposed amendment as it will appear on the ballot is as follows: "The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER THREE ON THE BALLOT (S.J.R. 13)
Article VIII, Sections 1-a and 1-b of the Texas Constitution are amended to: Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults. The wording of the proposed amendment as it will appear on the ballot is as follows: "The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER FOUR ON THE BALLOT (S.J.R. 1)
Article XVI, Section 59, of the Texas Constitution is amended by adding a new Subsection (e) which: Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof is or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows: "The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)
Article XI, Section 7 of the Texas Constitution is amended to: Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows: "The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows: "The constitutional amendment to provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund."

NUMBER EIGHT ON THE BALLOT (S.J.R. 29)

Article XI, of the Texas Constitution is amended by adding a new Section 5(a) which:

Authorizes and requires incorporated cities, towns, and villages, regardless of population and notwithstanding the constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town or village as are necessary to pay the principal of and interest on, when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless and until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such ad valorem taxes as are sufficient to pay the principal of and interest on their general obligations hereafter issued subject to the restrictions provided by law."

NUMBER NINE ON THE BALLOT (S.J.R. 25)

Article VIII of the Texas Constitution is amended by adding a new Section 2C which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from property taxes certain property used by a non-profit water supply corporation or a non-profit water supply cooperative."

Piper Speed Turns Top Rated Game Into Rout

Coach David Bonds borrowed Coach Bill Grissom's State Championship Track team here Friday night to run the area's top ranked team ragged as the Pied Pipers turned on the speed to whip the Clyde Bulldogs, 41-6. The contest, booked as the game of the week in the Big Country, turned into a rout as the Pipers rolled up over 500 yards in total offense.

Junior Halfback Johnny Jones showed why he is being pushed as an All-State candidate as he carried the ball 17 times for 242 yards and three touchdowns.

But Coach Bonds showed the Clyde fans that Johnny was not his only speedster as he unleashed his State Champion 440 man, Bill Cork for two runs good for 59 yards and his hurdler, David Willis for a 62-yard touchdown run. Willis also ripped off a 70-yard touchdown following a pass interception. This last 70 yards was not even included in the 500-yard offensive effort by the Pipers.

But the contest was not all offense, as the Piper defense showed that it will be a force to reckon with as it held a big Clyde team to 107 yards for the evening and allowed only one touchdown.

It only took Jones one play to show Clyde that it was going to be a long night for the Bulldogs. Operating from their own 25-yard line after the opening kickoff, the Pipers pitched the ball to Johnny and after breaking several tackles, the speedster raced the 75 yards to paydirt with only 23 seconds gone in the game. Steve McKissack added the point after and the rout was underway.

Clyde managed only three yards in three plays before punting to the Pipers. The Pipers started another drive for the Clyde goal line only to have a 15-yard penalty set them back. Following the punt the Bulldogs failed again to make a first down and punted out to the Hamlin 47.

Coach Bonds gave the Bulldogs their first look at sprinter Bill Cork as he ran the end around for 45 yards to the Bulldog eight-yard line. It took

the Piper's big fullback, Albert McAfee, just two tries into the line to put six more points on the board. McKissack added the point after.

Following the kickoff, the Bulldogs picked up their first first down but ran out of steam at the Hamlin 48. The Pipers cranked up their offensive machine again and moved deep into Bulldog territory before losing the ball on a fumble at the Clyde 30.

Clyde broke their longest run of the night on this possession as Bobby Evans slipped loose for 20 yards to the Hamlin 49. But three plays later Linebacker Larry Mayes stopped the Bulldogs when he picked off Ruben Ramos' pass at the Hamlin 38.

Laying for Johnny, the Bulldogs stopped him for a three-yard loss and then set quarterback Willie Hooper back three yards. But the Bulldogs were so busy watching Johnny that they forgot to watch their back door as Willis came from a reverse and went untouched for 62 yards and another score. McKissack again added the point after.

The Bulldogs returned the kickoff to the Hamlin 45 and then aided by a 15-yard penalty against the Pipers moved to the Hamlin 27. It took the Bulldogs seven plays to go the 27 yards for their only score of the night. Mayes intercepted the pass for the two points.

Cork intercepted another Bulldog pass near the end of the first half to give the Pipers the ball on the Clyde 38 but time ran out before the Pipers could get to the goal line.

Clyde failed to make a first down following the second half kick off and the Pipers moved from their 37 to the Bulldog 48 before punting back to Clyde, a hard time finding the handle on the pitch out and dribbled the ball half way across the field before picking it up and racing the 22 yards to pay dirt. He was running behind such a wall of blockers that no Clyde player could even get close to him. McKissack's kick was blocked.

The Bulldogs put together their longest drive of the night following the kickoff and moved to the Hamlin nine-yard line before giving up the ball. Mayes batted down a fourth down Clyde pass in the end zone to end the drive.

Taking over on the nine, the Pipers sent McAfee out to the 18 but then drew a penalty back to the seven. Clyde was then penalized out to the 17 and Jones took off around his left end again and crossed the goal line 83 yards later for the score. McKissack added the point after again.

The Hamlin second unit took over the offensive duties in the fourth period and put together two good drives. The first was killed by an intercepted pass and the clock ran out on the other. But the Pipers put six more points on the scoreboard in between the two drives when Willis intercepted a Clyde pass from his safety position and raced the 70 yards to pay dirt. McKissack made it five out of six for the night as he added the point after.

Playing ball control football, the Piper second unit picked up seven first downs to 0 for Clyde and held the ball for 19 plays to only nine for the Bulldogs. Grinding out the yardage for the second unit was Fullback Steve Evans who carried eight times for 49 yards.

Halfback Ricci Harugthy suffered a broken left arm early in the fourth period and did not get to see much of the action by the second unit. He led the speciality squad in tackles on the kickoffs before leaving the contest with his broken arm.

Jones brought his two game rushing total up to 400 yards for an average of 11.1 yards per carry. He also broke the 2,500 mark for his high school career total. He has gained 2,504 yards in 283 carries, in 21 ball games for an 8.8 average. He has now scored 194 points.

Work Load Of Students Surveyed

Two Home Economics Cooperative Education (HECE) students were given an assignment to take a survey to determine how many students work.

The HECE students had 221 of the 243 high school students respond to the survey. It was revealed that 57 high school students have jobs and work on the average of 19 hours a week. Most of the students work in local businesses and on farms. They noted that the main reason that they work was to earn money and to get experience.

Only 28 students said they had training for their jobs and 38 of the students who did not have training did encounter a few difficulties.

To the question "Would you like to have a job that would match your skill?" 89 answered no and 109 answered yes.

FFA Chapter Committees Are Named

Appointment of committee chairmen for the annual program of activities highlighted the Hamlin FFA Chapter meeting Monday night. Committee chairmen appointed by chapter president John Hudson were: Randy Elmore, Organization; Ricci Harugthy, membership; Gerry Young, supervised agricultural occupations experience; Gary Neal, cooperation; Ray Sonnenburg, community service; Buddy Killian, leadership; George Gonzalez, Earnings and savings; Jim Johnson, conduct of meetings; Eddie Offield, scholarship; Steve McKissack, recreation; Shorty McIlwain, public relations; and L. J. Lee, participation in state and national activities.

Randy Elmore was named to head the chapter's BOAC committee Ricci Harugthy and Gary Neal were to serve as co-chairmen of the Chapter Safety Committee.

Randy Elmore and Shorty McIlwain were elected chapter representatives to attend the National FFA Convention in October. George Gonzalez is alternate.

And What Have You

—Continued from page one

the wage scale it takes to attract workers.

"The government pays the highest wages and when a worker compares the pay of a retail clerk in a small store with that of a postal employee, he is apt to feel quite underpaid.

"A major problem in the unemployment figures is our tax system which makes it possible for a person to take a welfare check and thus get more "take home" pay than the worker can after the deductions are made from a week of toil. Until this situation is cured we are not likely to see much improvement in the unemployment situation."
